Hello, my name is Shawn Eggsware, I am filing a civil lawsuit in Regards to the fact that I have reported all such crimes to such agencies

1. Murder
2. Attempted Murder
3. Conspiracy to committ murder
4. Kidnapping
5. Conspiracy to commit the act of Kidnapping
6. Robbery
7. Attempted Robbery
8. Conspiracy to commit Robbery
9. Fraud
10. Forgery
11. Identity Theft
12. Embezzlement
13. Conspiracy to defraud and embezzle from the United States Government
14. I have witnessed people manipulate ATM machines.
15. I have witnessed people manipulate banks.

I have also witnessed crimes being committed with science and technology that the United States hasn't even made laws for or has and I do not have access to those laws. Some of these laws should also be considered war crimes. I am just being blocked from access to information. I also have had my life and my family's life threatened on multiple occasions so I'm really just a sitting duck waiting for the Government to do something about such crimes. I have reported all such crimes in the appropriate manner. I will also be asking for information under their investigation under the Freedom of Information Act. I am suing for the smallest amount available by law. I more or less want the government to press charges and pursue criminal actions against such people. Also, I am trying to do this in a way that doesn't piss the government off. I don't want them harassing me, I'm just trying to get the information that I have to the correct agencies and to get them to do what is right. The fact that not one of these agencies has even called me would warrant a lawsuit. The fact that no investigation is being done would also warrant a lawsuit. The fact that no charges have been pressed would also warrant a lawsuit.

Pertaining to the governmental agencies (CIA, FBI, Homeland Security and the secret service) I could be incorrect as to whom to sue and whom not to. I do not know the inner workings of the United States Government. I definitely don't want their money or the backlash of suing these people, the purpose is to get them to do their jobs in protecting me and my freedoms. I clearly witnessed people robbing banks and embezzling money from the United States government and also witnessed humans doing other stuff with science and technology that would definitely threaten the United States of America if put in the wrong hands. Also pertaining to the bigger agencies for the United States Government, I would like access under the Freedom of Information Act as in to some of the things that people are doing. I am being blocked from access to all information that I am seeking.
